### The Divorce Organizer & Planner

#### [The Divorce Organizer & Planner](#)

**This one-of-a-kind workbook streamlines the divorce process**

This completely unique guide helps anyone—even someone enduring a not-so-easy split—create a complete, accessible record of absolutely everything needed to confidently tackle, organize, and prepare for the legal, emotional, and financial aspects of divorce. Family attorney Brette McWhorter Sember's *The Divorce Planner & Organizer* includes:

- Suggestions for selecting an attorney and getting the most legal help for the dollar
- Tips on how to gather and organize information for easy access during legal proceedings
- Advice on required documentation for homes, cars, investments, bank accounts, debts, insurance, and household expenses
- A tracker to record alimony, child support payments, and children's medical, educational, and athletic expenses
- A personal property inventory and wish list, a budget form, and fill-in contact information lists

**Customer Review:** A book that helps organize for life

My husband of 36 years asked for a divorce after informing me of a 3-week affair with a woman 4 years older who'd already had quadruple bypass surgery. Go figure! Shock doesn't come close to describing my state.

However, I was not so shocked that common sense didn't kick in—two days later I ordered several books on Divorce, including Ms. Sember's: I needed to protect what I could for MY future.

The Divorce Organizer & Planner came in good stead. With tears here and there, I worked those sections that were relevant to me (I didn't need to consider child custody/support issues) and collected documents I would need to go through the divorce process. While I had a consultation with a lawyer to make sure I was collecting the info I'd need (and found out the Workbook was right on target!), I did not retain her right away—nor did my husband seek legal advice.

4 months after “the news,” my husband was killed in a freak accident.

Because I'd “done my homework” with the assistance of the Organizer & Planner, I had all the documents and papers necessary to handle the financial and legal affairs that accompany

a death: Birth Certificates, Social Security Cards, and Drivers Licenses for BOTH of us, Marriage Certificate, Life Insurance policies, Financial accounts, Lists of assets and liabilities, etc., etc., etc. I was able to obtain benefits, complete probate, and process life insurance claims forthrightly because all the information was readily at hand.

Ms. Sember's book is really a must have for everyone, those contemplating a divorce or not. I really should make it a point to write her a letter and let her know how very helpful she was at a very difficult time in my life.

**Customer Review:** Great book about understanding divorce!

I never thought I'd be in this situation. Divorce is one of those things that happens to other people. With all the emotions surrounding this life changing event, I found it hard to concentrate on the legal and financial aspects of divorce - until I found this book.

As I read it, I felt like the author was taking me step-by-step through the entire process from getting my records and banking information organized right up through changing my last name and rewriting my will. Everything was covered in an easy to understand language. The worksheets, checklists and logs inside the book were very helpful.

The suggestions, inside tips and strategies offered for court appearances and settlement options are comprehensive.

This book has been by my side and used as a reference throughout my divorce. Ms. Sember has helped me to organize all the paperwork and to better understand the process of divorce. Thank you!!!
