Mama Mini- Break of the Day:

Find an old movie you have not see since you were a child and watch it with your own kiddos!

The Muffin Tin Cookbook Review

Do your kids love cupcakes as much as mine? It seems like, when I make cupcakes, they are gone within 2 days! When I make a cake, it can hang around for about a week. My kids are crazy about anything that comes in a cupcake container, which is why I LOVE this new cook book!

The Muffin Tin Cookbook takes a TON of recipes you can make in your MUFFIN tin, and puts them into this wonderful cookbook! The recipes are NOT just desserts and muffins! They include veggie cakes, gourmet food (like wellington!), and even PASTA! I love the book and love the simple recipes. Oh, and I especially love serving my kids a "cupcake" for dinner!

You can purchase the cookbook on Amazon:
