## Signs You're Pregnant Again

By Brette McWhorter Sember

1. An invitation to your high school reunion has landed in your mailbox.
2. You finally fit back into your jeans for the first time last month.
3. You just got a kitten after you promised that you would be the one to clean the litter box.
4. You recently installed a new hot tub and were looking forward to long soaks.
5. You splurged on new bras at Victoria's Secret.
6. Your sister's getting married in 7 months, and you're the matron of honor.
7. Your youngest now goes pee-pee and poopie in the potty, and you're diaper free for the first time since you can remember.
8. You just put down a nonrefundable deposit on a stay at a couples-only resort in the Caribbean for your anniversary, just about 9 months from now.
9. Yesterday your husband signed up for an intensive, 2-year night school program.
10. You now watch prime time television on a regular basis and follow several shows religiously.
11. You went ahead and dyed your hair a high-maintenance color requiring regular monthly touchups.
12. Your mom is moving far, far away to a condo in Boca Raton.
13. You decided against a minivan and bought a sedan.
14. Your subscription to *ePregnancy* is just about to run out.
